

Hilary Cabernet, Oakville Napa

- This is a historically old and significant vineyard in the heart of Napa Valley (Highway 29 and Oakville Crossroad) which was the original Beaulieu Vineyard #6
- Dry farming (no irrigation) further restricts berry size with a resulting high skin-to-pulp ratio. Skins are the most important component where the tannins, color, and flavor are derived

Hilary is named after a famous Kiwi

Hilary is named after Sir Edmund Hillary, who was friends with Nick's father. He not only was the first person to summit Mount Everest, but also reached the south pole. Nick Goldschmidt's father also reached the south pole and became life long friends with Hillary. Nick's daughter is named after this famous New Zealander.
