

Bryn Mawr Vineyards Estate Pinot Noir

- Our Estate Pinot Noir is blended from the full range of our estate including every clone and every block we have planted. It truly is a snapshot of the vintage and our particular geographical variety at Bryn Mawr.
- It is a blend of Heritage clones (Pommard & Wadenswil) along with Dijon clones.
- The wine is made in open top fermenters, in many small lots with about 30% whole clusters. Manual punch downs are used before going into 20% new French oak for 16 months of aging.
- The name *Bryn Mawr* comes from the Welsh meaning 'big hill'
